Pyrography 101 by Janice Levi

Janice Levi, Past President of SWAT, will be our guest for the October 29th program about Pyrography 101, and will follow up with two days of classes on Pyrography (Woodburning) at the shop of Dr. Jimmie Gill. Janice has been the President of the Gulf Coast Woodturners, the Brazos Valley Woodturners, and SWAT. She has demonstrated making jewelry last year at SWAT and the WNT. This year her demonstration on Pyrography will open our eyes as to how it can be used to augment the surface decorations we might want to put on our vessels.

PYROGRAPHY 101 DEMONSTRATION

Attendees will learn about the four types of pyrography tools with a demo of each.

They will learn about branding and art burning with demos of each.

They will learn where and how to find patterns and how to put them on wood.

They will learn of the basic burning techniques for the writing tip, skew, and shader.

We will talk about color on wood but it will not be part of the demo.

... making Good Shavings

- Welcome to our new members: Gary Bobenhausen, Bill Gebhardt, Alex Grams, James Howard, Mark Semlow, Dave Sheary, and Charlotte Phillips.
- Our Open Shop / Tool Swap was a great success. If you did not make it we will have another one early next year.
- If you missed Craig Timmerman's all day Saturday demonstrations then you missed some of the most informative programs I have seen. We will have A DVD of them in the library in the near future.
- We had our officer nominations last month and will have the elections at this Thursday's meeting. All incumbent officers have agreed to serve again for 2016 and there were no other nominations, but that does not preclude a nomination still being made before the voting.
- "Bob's Challenge" for September was a great success with 58 bowls being turned and donated to our Empty Bowls program. Keep up the good work. Don't forget this month's challenge is a lidded vessel with a finial at least 4 inches tall. We will also be having our quarterly challenge drawing this month and I know there are several nice prizes. Remember you get one drawing ticket for each challenge entry you turn.
- The last few months have been busy but there is more to come. Janice Levi will be presenting on pyrographics Thursday and then holding classes Friday and Saturday. I don't think there are any class openings, but if you want to be on a stand-by list contact John Horn.
- Our Christmas dinner on December 12th is not far away and we need your contributions for the turnings auction. This is the highlight of the evening and a great time to show off your skills by donating a quality piece. James Haynes will also be taking raffle contributions of quality new or lightly used woodturning associated material. John Lauderbaugh is again collecting Christmas themed turnings for table decorations so help him with some turnings that your spouse would like to receive. They will be used on each table and given away at the dinner.
- With fall approaching and cooler temperatures, it will be easier to keep up with the three ongoing club activities (Empty Bowls, Beads Of Courage and Bob's Challenge) as they are not only some of our community outreach, but provide excellent training and practice.
- See you at 6:30pm Thursday and be safe. We don't need a "safety coordinator".

Glynn Cox
President

The Banquet begins with the food preparation. There will be Ham, turkey, pulled pork, and beef brisket as the main course, with

vegetable, breads, salads, and desserts that are brought by each member.

Drinks, (cokes, tea and coffee) are supplied by the Club, as are the plates and utensils. You need to bring yourself and other members of your family (kids are welcome) along with a dessert and either a salad or a vegetable, and immerse yourself in a warm, friendly environment. Surprisingly, the conversations are not centered around turning... at least not until the "Great Auction" begins. After the meal, we will begin the program that consists of the following; selling Raffle tickets for the big Raffle, distribution of the door prizes, drawing for the Raffle prizes, and finally the

- Yourself and your family including children and parents (but leave Fluffy and Spike at home.)
- Your appetite along with a dessert AND your choice of either a salad or a vegetable.
- Some of your favorite turnings that you would like to donate to the live auction. This is one of the major sources of income for our club to be able to provide the quality programs that we provide.
- A big roll of cash for the raffle and the live auction. Raffle tickets and auction items can also be paid for by check.

Who's up for a Challenge?

It was great to see so many members participating in this challenge. It gave us a chance to hone our turning skills, and helped fund a charity group that does a lot of good work in our community. (Empty Bowls)

Our challenge for September was to turn a bowl for Empty Bowls. Thirty Three (33) members participated producing 55+ bowls. We received all shapes and sizes and all of high quality. This was the largest turnout for the challenge program and was for a very good cause.

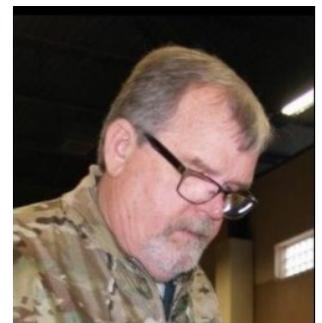

Below is a list of members who turned bowls for the Sept. Challenge

Jim Barkelew	Thomas Echols	John Lauderbaugh	Jeremy Tyson
David Baulch	Gary Futoma	Jim McGregor	Kerry Weeks
Tom Beatty	Rick Gauthier	Ray Moyer	Bob Wiggins
Brian Begina	Jimmy Gill	Ron Neben	Scott Wisdom
David Carter	James Haynes	Larry Roberts	Don York
Don Christiansen	Bill Holt	Larry Sweeney	Unknown
Kelton Cloud	Ron Howe	Steve Thomason	
Glynn Cox	Sandy Jarrell	Pam Thompson	
Cliff DeWitt	Dick Kocher	Ron Traylor	

The challenge for the October meeting is to turn a lidded box with a finial that is at least 4 inches tall. I know there will be some beautiful boxes at the meeting.

We will also be having our quarterly tool drawing at the Oct. meeting. Join in on the challenge fun and participate.

Last Month's Challenge

Woodcraft Event

The month of October has been one of the busiest that we have seen for the Woodturners of North Texas since we can remember. On October 3rd a number of us helped the Rockler store in Arlington celebrate their Grand Opening of the new store location. Randy Johnson and his crew from our club demonstrated what it was like to make items on a wood lathe. Some of the customers that observed the demonstration even signed up to become members of the WNT.

Then, the very next weekend, on October 9th and 10th a number of us spent two days at an annual sale at the Woodcraft store in Hurst where we performed a similar function turning on the two lathes Woodcraft provided and talking to the customers about woodturning. A number of the people we spoke to became interested in what we were doing on the lathes and became potential club members.

Craig Timmerman All-day Demonstration

On Saturday, October 17th, we were treated with an all-day turning demonstration by Craig Timmerman of Austin. Craig completed four different projects as he turned and explained how he made some projects that looked very complicated. Yet, Craig simplified the technics enough to make us all feel like we could go home and reproduce the same projects in our own shop. With around 50 people in attendance and the AV system working beautifully, everyone enjoyed a great day of watching a masterful, full time professional turner show us projects that inspired, educated, and entertained us to the fullest.
